Dear Mr. Cole:

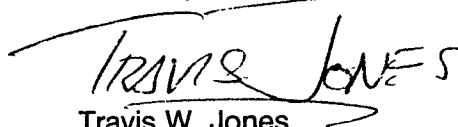

Re: Transfer of Notice of Intention to Conduct Small Mining Operations, Trilobite Lease #42750, S/027/014, Millard County, Utah

On June 16, 1994 the Division received an incomplete Transfer of Notice of Intention to Conduct Small Mining Operations for the Trilobite Lease #42750. The current operator section was filled out by Thomas Lindgren and the new operator section was left blank. Although the current operator may now be Thomas Lindgren, it is assumed that a transfer form will be completed by both parties prior to transfer of operations. Therefore the new operator section should have been completed by Mr. Lindgren and the current operator section should have been completed by you.

I have filled out a transfer form and left the signature areas blank. Please sign this form and forward it to Mr. Lindgren. Mr. Lindgren must then sign the form and have it notarized. When Mr. Lindgren returns the signed and notarized form to us the transfer will be considered complete. It is important to note that until this transfer is complete you will remain the responsible party for reclamation of all affected lands under the original Notice of Intention.

Thank you for your cooperation. If you have any questions please do not hesitate to call me at (801) 538-5340.

Sincerely,

  
Travis W. Jones  
Reclamation Hydrologist
